Products and Services

Reverse Osmosis Equipment

- Membranes, Prefilters, Controls
- Cleaning Chemicals & Antiscalants
- High Pressure Pumps and Parts

Water Softening Equipment

- Controls
- Diaphragm Valves & Control Valves
- Salt

Automatic Filters

- Multimedia
- Activated Carbon
- Mechanical Screen Type

Demineralizers

- Automatic Two Bed & Mixed Bed
- Waste Neutralization Systems
- E-Cell Electric Deionizers

Desalination

- Pre-Engineered and Custom Design
- High Pressure Pumps, Oil, Parts
- Membranes, Cleaners, Prefilters

Storage Tanks

- Polyethylene and FRP

Ultraviolet Sterilization

- Atlantic Ultraviolet & Auqafine

Instrumentation

- ORP, pH, Conductivity / Resistivity
- Flow, Level, Pressure, Totalizers
- Turbidity, TOC, & Silica Analyzers

Pumps

- Grundfos, Goulds, Aurora Bell & Gossett
- Cat Piston and Plunger Pumps
- Pulsatron chemical feed pumps

Cartridge Filtration

- All sizes from submicron to 100 micron
- Housings – All types plastic and stainless

AutoCAD

- Process Flow Diagrams
- Process and Instrumentation Diagrams
- General Arrangement Drawings
- Electrical Schematics

Controls

- Custom control panels
- PLC & Operator Interface programming
- Water Softener & Filter Controllers
- Pump Panels, Motor Starters, VFDs
- SCADA, Level Controllers, Monitors

Plumbing

- Bladder tanks
- Pressure Reducing Valves
- Water meters
- High Purity Specialty Components

Field services

- Professional Equipment Service
- RO Membrane Cleaning
- Start Up Service / Operator Training

Chemical Injection Systems
